

SCRATCH

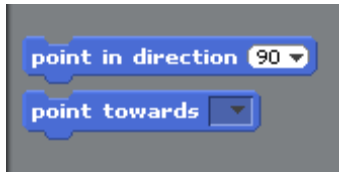

S-10

You already told me to do that!

- Open a new file by clicking on the  button.
- Sometimes when we click on something a second time, it doesn't seem to do anything. Explain why when you click on this piece a second time it doesn't seem to do anything.

- Try experimenting with each of these. Write what each one does

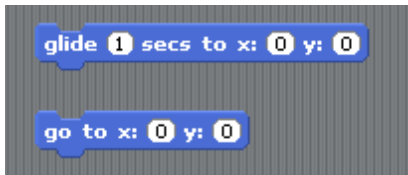

- Try out these blocks. Describe how first block of pieces is different from the second block of pieces.

Name _____

You already told me to do that! (Continued...)

- What is the difference between these two pieces?

- When would you want to use the first one?
- When would you want to use the second one?
- Challenge! Try using this piece in how you move the cat around the screen!

- What does it do?
