

SCRATCH

Remix a Project you Liked!!!

- Pick a project that you saw online on the first day and download it.
- What are three things you liked about this project?
 - Liked:

 - Liked:

 - Liked:

- What are three things you thought could improve about this project and how you might fix it.
 - Disliked:

 - Disliked:

 - Disliked:

- Open up the Scratch file.
 - Which sprite is the most simple?

 - Which sprite is the most complex?

Name _____

Remix a Project you Liked!!! (Continued...)

- Modify the introduction screen for your project (if it has one) What did you change?

- Find 2 places where sprites move in the project. What are they? How do you know this is where sprites move?

- Try to make some of the sprites in the project move faster. How did you do it? Did it work?

- What keys do you have to press when you play the project? OR What do you have to click on when you play with the project?

- Change the project so that you have to press different keys or click on different things. What did you change?

- Challenge!! Try to fix the things you listed that you disliked about the project. Explain what you did or what was too hard about it:
 - Modification 1:

 - Modification 2:

 - Modification 3:
