

# Back to the Basics

**objective:** learn some basic block combos that are important to this project series

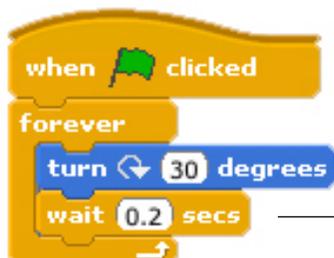

## Behind the Scenes:

**stage:** no scripts, no background

**sprite1:** image without point symmetry

## Rotation

allows the rotation to occur at a time interval so you can see it move

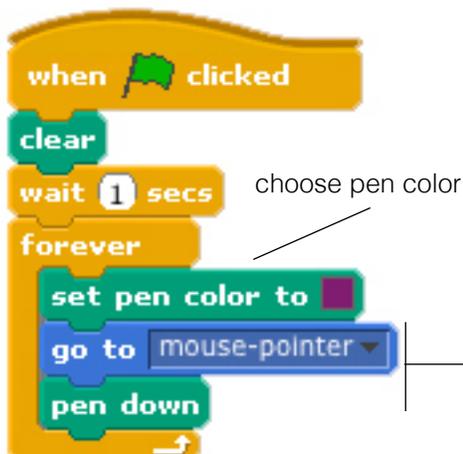

to stop the script

sprite1 follows mouse pointer repeatedly

## Movement

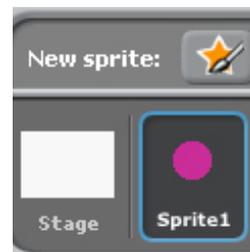

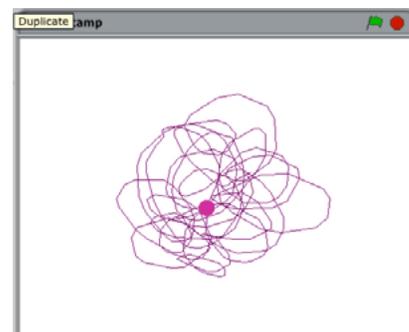

## Stamping (Drawing)

choose pen color

pen draws, following mouse-pointer

**stage:** no scripts, no background

**sprite1:** simple, a dot works
