

# SCRATCH

## Animating Photos!!!

- Take some digital photos of yourself or your friends and put them on your computer.
  - What are you or your friends doing in the photo?
  
- Go to the costumes tab and click "Import" to import each photo.
- Loop through the costumes to make the pictures of you animate.
  - How did you do it?
  
  - What pieces did you use?
  
- Make the photos change colors when you press the up arrow. How did you do it?
  
- Put other characters in your project that you can interact with.
  - What is one of your extra characters?
  
  - How do you interact with it?
